NUMBER: 6-00

SUBJECT: Local Participation in Spot Safety Improvement Projects

This memorandum supersedes and replaces Design Memorandum 87-6, dated April 15, 1987.

To insure that all municipalities are treated equitably, all spot safety improvement projects which involve joint participation by the department and a local agency shall be programmed for Federal-aid participation.

In the event that Federal funds are not available to fund all projects at the time of the letting, selected projects shall be deferred until Federal funds become available.

To determine which projects should be deferred, the Engineer of Project Development and Implementation shall coordinate with the Engineer of Traffic Operations in the Bureau of Operations to establish an appropriate priority list.
